Summary

With 3+ years of experience in UX/UI Design and Front End Development, I've completed 2 successful projects while attending college. I've designed brands, developed websites, and improved SEO for businesses. Achieved a 230% increase in social media visibility. Seeking new opportunities to apply my skills in delivering intuitive user experiences and impactful designs.

Experience

BaitBoot

No Company

May 2023 - May 2023 (1 month)

This site was also developed by me from scratch. It was a task at my college I had to finish in 3 weeks (Design + Code). U can see the project if u check my Portfolio Profile: <https://contra.com/antonyoUX>

Web Developer

KeyCorp SRL

Mar 2023 - Jun 2023 (4 months)

I designed the site from scratch in Figma and then developed it using vanilla HTML5, CSS3, and JavaScript.
